Low MOQ

With our low minimum order quantities (MOQ), we empower startups and small-to-medium businesses to launch high-quality supplements without hefty upfront costs. Whether you need a unique custom formula or a white-label solution, we're your full-service partner to bring compliant, market-ready products to life.

Benefits of Low MOQ Manufacturing:

- ▶ **Reduced Initial Investment:** Low MOQ means you don't have to invest a large amount of money in inventory, which reduces your financial risk.
- ▶ **Market Testing:** With low MOQ, you can test the market with a small batch of products and see how they perform before investing in a larger quantity.
- ▶ **Flexibility:** Low MOQ gives you the flexibility to test the waters, refine your products, and confidently adapt to customer feedback and market trends—without the financial stress of large, risky orders. It's the ideal solution for staying agile in a constantly evolving market.
- ▶ **Competitive Advantage:** Offering low MOQ can be a competitive advantage, as it allows you to respond quickly to changes in the market and customer demand.

Trust in Us

We adhere to current Good Manufacturing Practices (cGMP) to ensure consistency and safety in every batch.

cGMP stands for “current Good Manufacturing Practice.” It’s a set of regulations and guidelines established to ensure the quality, safety, and consistency of products. cGMP outlines the standards and practices that manufacturers must follow to produce products that meet the required quality and safety standards.

FDA stands for the Food and Drug Administration, a government agency responsible for the safety of food, dietary supplements, human drugs, vaccines, blood products and other biologicals, medical devices, radiation-emitting electronics, cosmetics, veterinarian products and tobacco products being sold or manufactured in the United States. The FDA also inspects and enforces regulations related to these industries.

Alpha Creations is empowered to manufacture Non-GMO products due to its rigorous quality control procedures. These procedures encompass comprehensive evaluation of suppliers, batch tracking, and other measures, ensuring the sourcing of trustworthy Non-GMO ingredients while maintaining high standards. As a result, Outpost is well-equipped to deliver top-quality Non-GMO products to consumers.

Due to rigorous quality control measures, Alpha Creations possesses the capability to manufacture vegan products. These measures encompass meticulous scrutiny of suppliers, batch tracing, and more. These practices ensure the sourcing of reliable vegan ingredients and uphold stringent standards. As a result, Outpost is well-equipped to deliver top-notch vegan products to consumers.

Dedicated to excellence, Alpha Creations stands as a beacon of quality with its “Manufactured in the USA” legacy. Our cutting-edge facilities and skilled workforce embody the spirit of American craftsmanship. With unwavering commitment, we proudly embrace this label, showcasing our devotion to top-tier quality and contributing to our nation’s prosperity.

Options

Understanding Your Options:

- ▶ **Private Label:** Launch quickly with our proven formulas under your brand – ideal for retailers and new brands seeking a turnkey solution. We support our private label partners with various packaging options and ongoing product development to meet evolving market demands.
- ▶ **White Label:** Scale your existing products using our manufacturing capacity – perfect for established brands needing reliable production.
- ▶ **Custom Manufacturing:** Bring your unique candy concept to life – designed for innovators with specific formula requirements.

Process

We work with you every step of the way:

<p>1. Initial Consultation Your journey begins with a free consultation where we dive deep into understanding your vision. We'll explore your goals, review product specifications, and discuss timeline requirements. Our team will guide you through packaging options and provide preliminary cost estimates, ensuring you have a clear picture of the path forward.</p>	<p>2. Product Development This is where your candy concept takes shape. Our R&D team works meticulously on recipe formulation or optimization, ensuring every aspect meets your expectations – from color and flavor matching to texture development. We'll source the perfect ingredients while keeping costs optimized and ensuring full regulatory compliance.</p>
<p>3. Sampling and Approval Getting your product exactly right is crucial. We'll produce test samples for your evaluation and conduct comprehensive quality and safety testing. During this phase, we'll:</p> <ul style="list-style-type: none"> • Validate shelf-life stability • Conduct packaging trials • Confirm final costs • Plan production schedules 	<p>4. Production With your approval, we move into full production mode. Our experienced team manages:</p> <ul style="list-style-type: none"> • Careful raw material procurement • Rigorous quality control checks • Efficient production scheduling • Continuous in-process testing <p>Every step is documented and monitored to ensure consistent quality throughout the production run.</p>
<p>5. Quality Assurance Quality is never compromised. Our comprehensive QA process includes:</p> <ul style="list-style-type: none"> • Multi-point inspection systems • Detailed chemical and physical testing • Complete microbiological analysis • Expert taste panel evaluation • Thorough package integrity checks <p>Each batch receives a unique lot code for complete traceability.</p>	<p>6. Delivery and Support Your success continues well beyond production. We provide:</p> <ul style="list-style-type: none"> • Flexible shipping solutions including climate-controlled transport • Comprehensive documentation packages • Dedicated post-delivery support • Ongoing quality monitoring • Efficient reorder management

Branding/Design

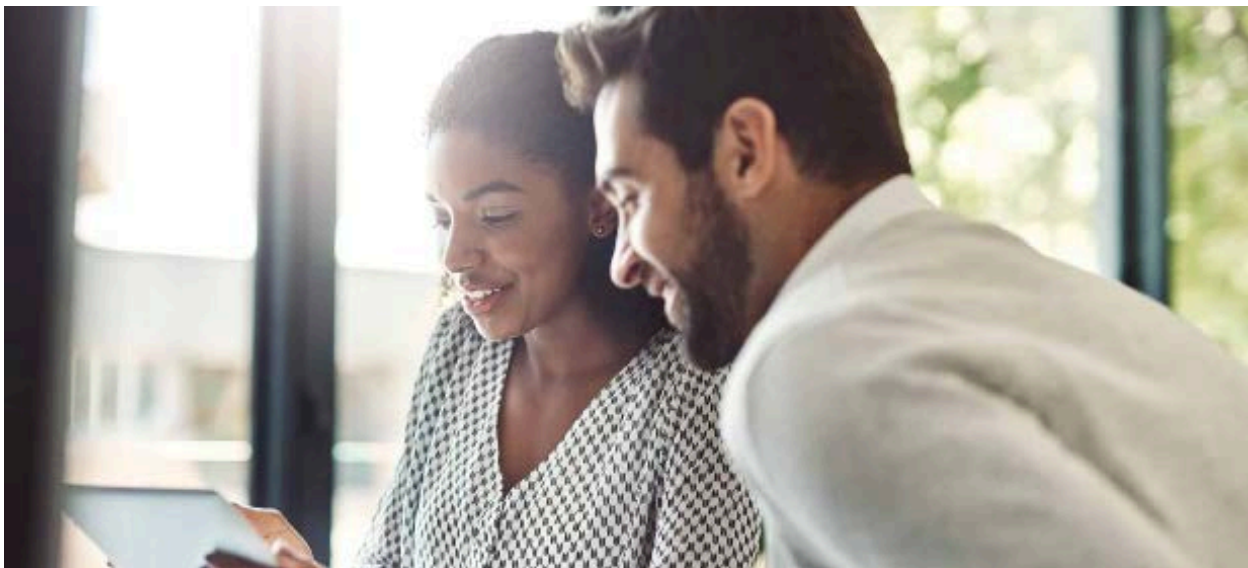

Your packaging is often your product's first impression on customers. At Alpha Creations, we combine practical functionality with shelf appeal to help your products stand out in today's competitive market.

Branding & Design Services

Elevate Your Brand with Comprehensive Design and Market Solutions From Concept to Completion—Custom Packaging and Display Solutions Tailored for You

Whether you need packaging that protects your product or an eye-catching display to captivate customers, we handle it all. Don't have a logo or design? No problem. Our team works with you from the ground up, crafting a cohesive brand identity that shines.

We create customized packaging solutions that align with your vision, enhance your market presence, and stay within your budget—because your success is our priority. Let's bring your ideas to life!

Packages

We offer a variety of packaging options to suit your needs with custom items available upon request.
